As the second oldest public high school still in existence in our city, Fair Park has provided an example for excellence in education and school spirit. After years of greatness, many people felt that darkness had fallen on our halls, and that FPHS had lost its life and its influence.

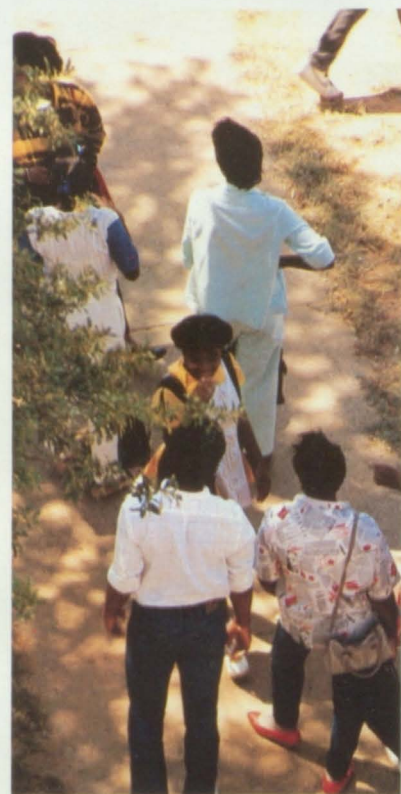

However, those of us here at the "reservation" know that we have not fallen behind, but we are pressing forward, stronger than ever. Regardless of what you have felt about the Indians in the past, the 1985-1986 Sequoyah staff

invites you to . . .

## ...Take A Look At Us Now

Fair Park is alive and on the go. The pursuit of academic excellence and a wide range of activities keep our student body moving, working, and reaping many rewards.

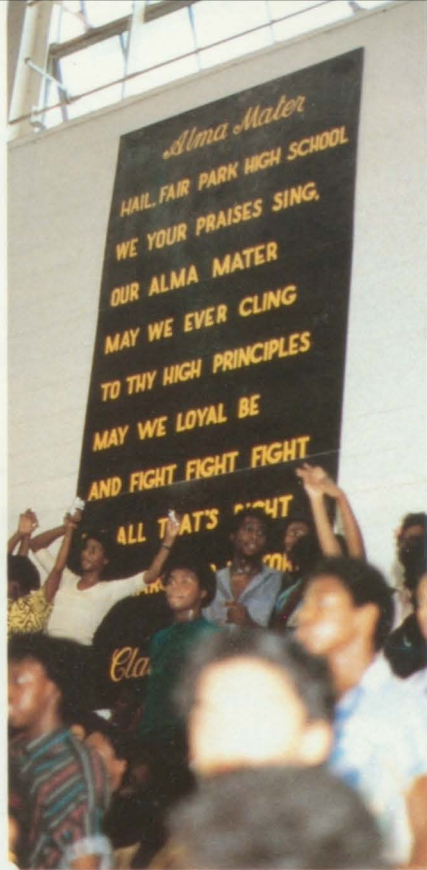

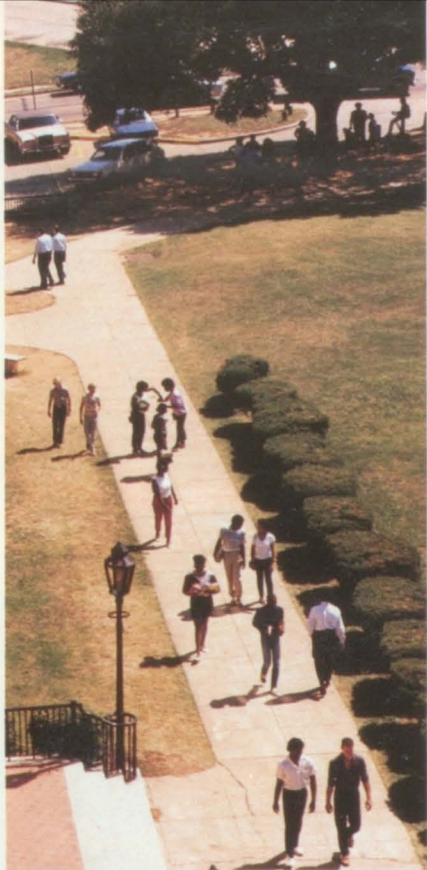

Students continued to improve and achieve in their studies, while once again the FPHS football team was a district contender.

The famous marching band continued to thrill crowds at ballgames and parades, and the JROTC units brought much pride to our school.

The first Miss Sequoyah Pageant was held in October, and the pep squad was reorganized. Reservation Day was held in conjunction with Homecoming.

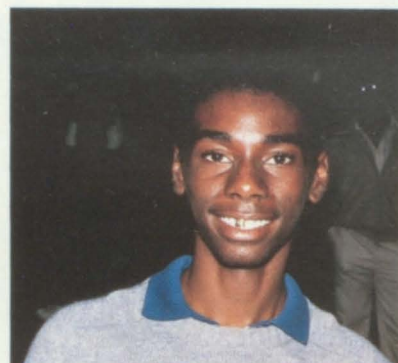

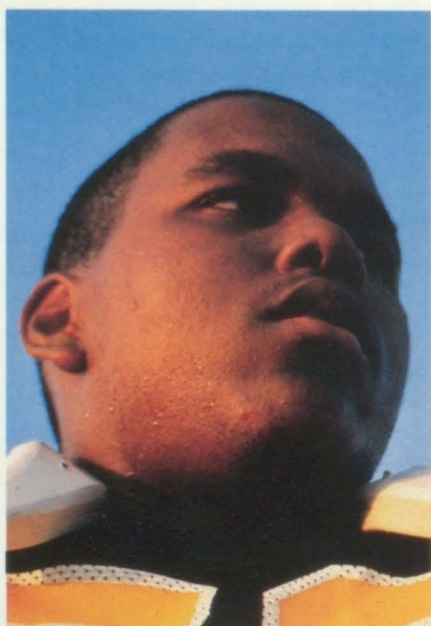

A fresh new spirit seemed to prevail as students displayed positive attitudes. Teachers worked extra hard to instill knowledge and encourage achievement.

Yes, Fair Park High School is alive and well. We boast in a proud heritage and we move with high expectations of our promising future. As we reflect on 1985-1986, perhaps our finest year yet, you take a look at us as we . . .

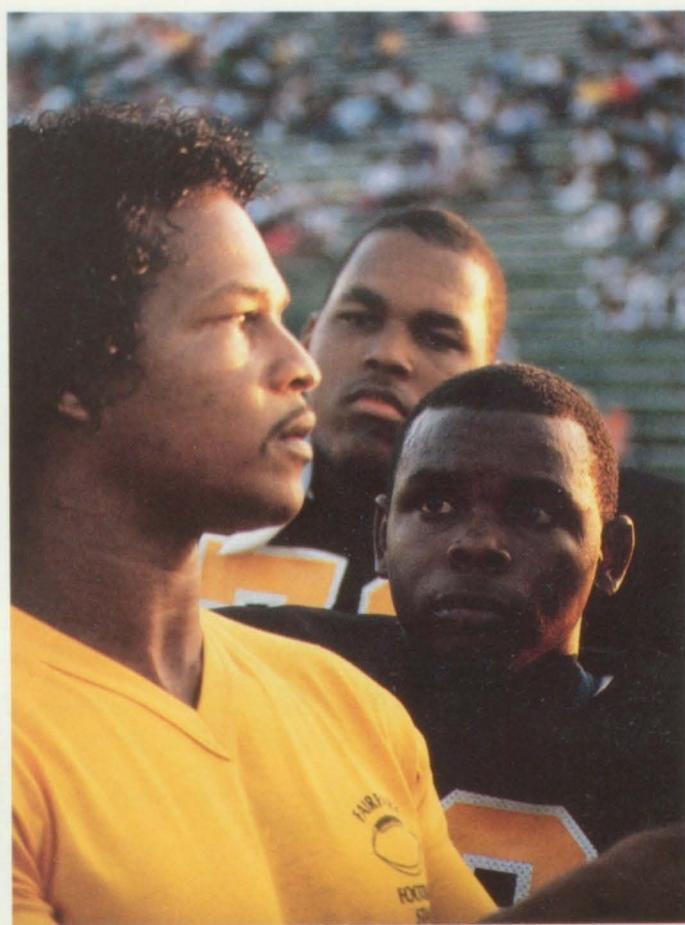

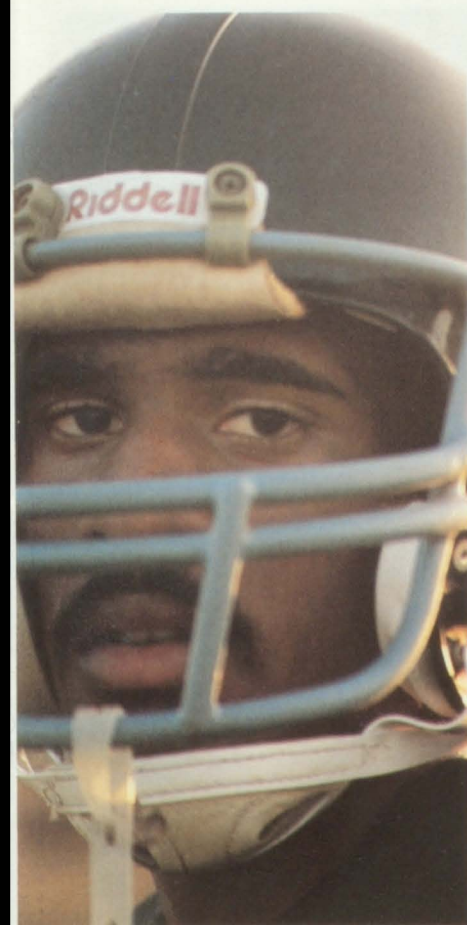

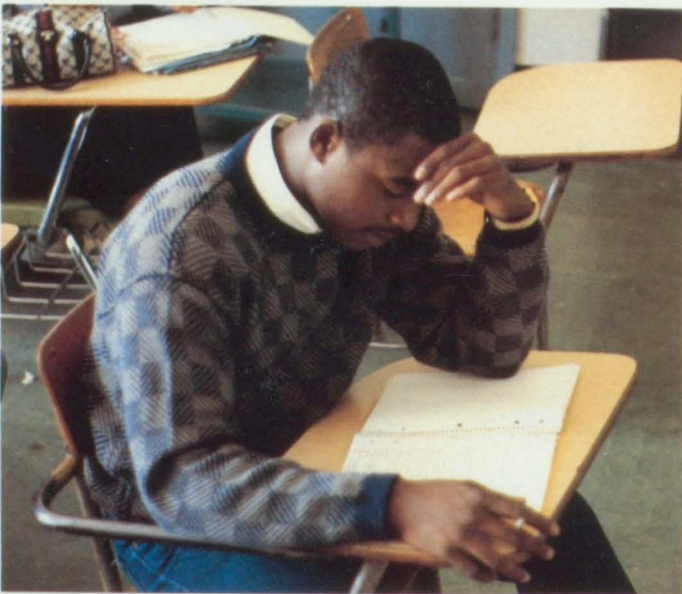

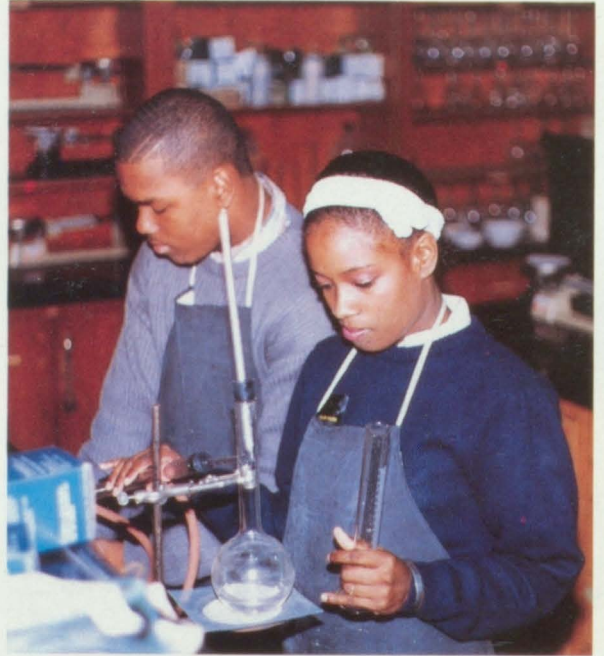

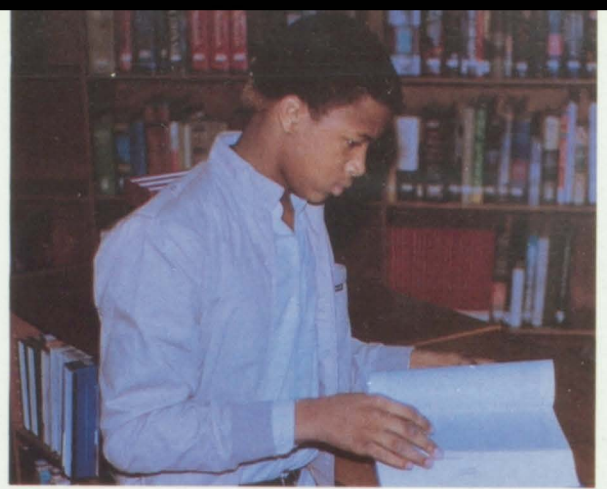

... Look At  
Ourselves

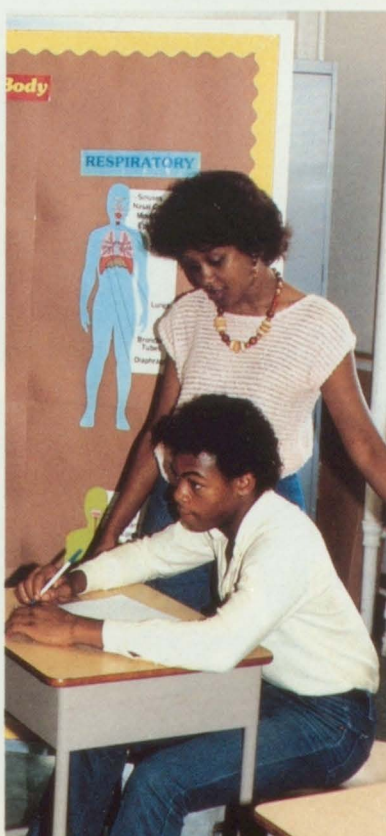

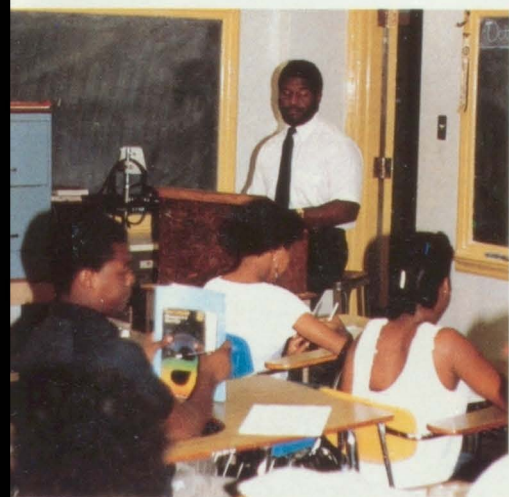

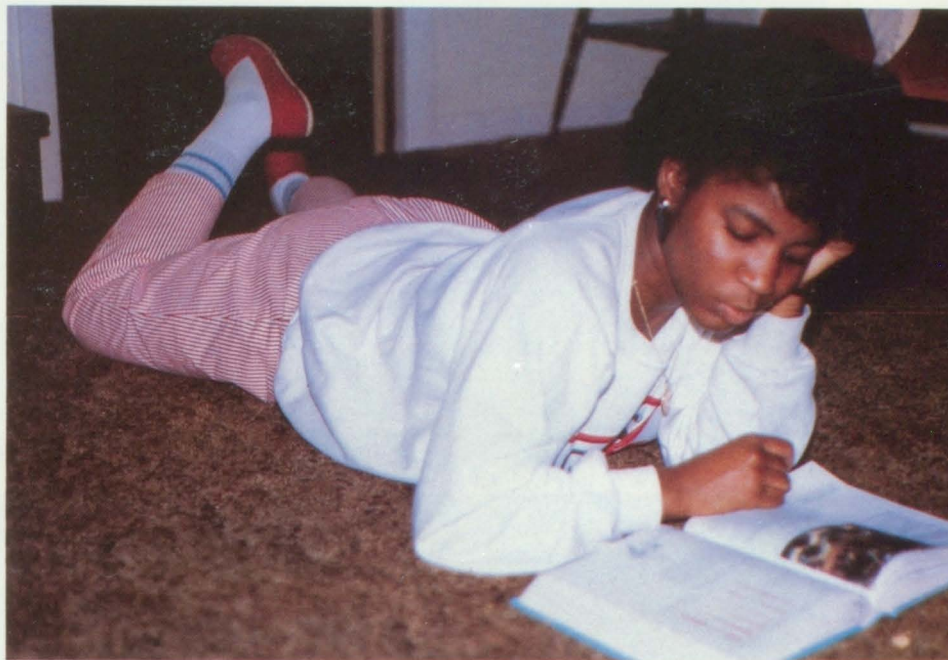

## ... Prepare For The Future

Academic excellence and preparing to face the "real" world was a primary focus for Fair Park students. Diligent study became more important with the new 2.0 grade point requirements for extra-curricular eligibility.

New graduation requirements found more students enrolled in Algebra I classes. Computer Literacy became a must for new freshmen, and Library Science was eliminated. ChemCom was added as a new science alter-

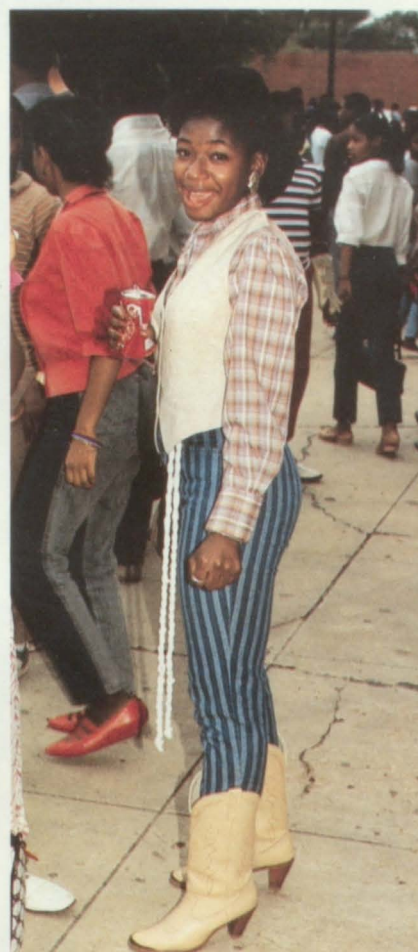

native.

Homework was still required, particularly as finals approached. Studying in advance and lots of cramming brought either the thrill of victory or the agony of defeat when final report cards came in May.

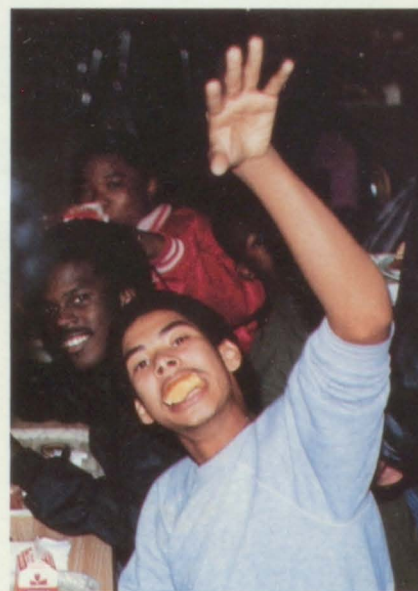

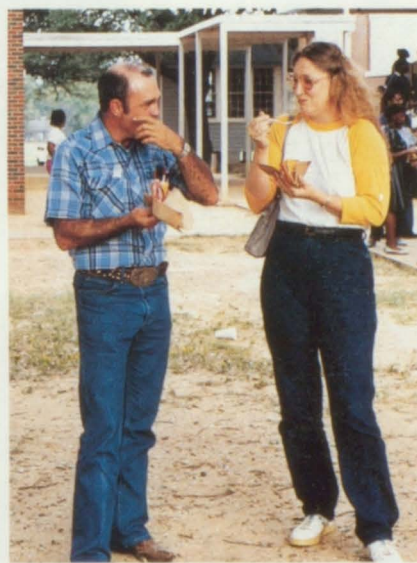

## ... Take A Break To Refuel

Lunch period remained the most anticipated time of the day for students and teachers alike. Some felt that eating was even more important than studying while others ate instead of studying.

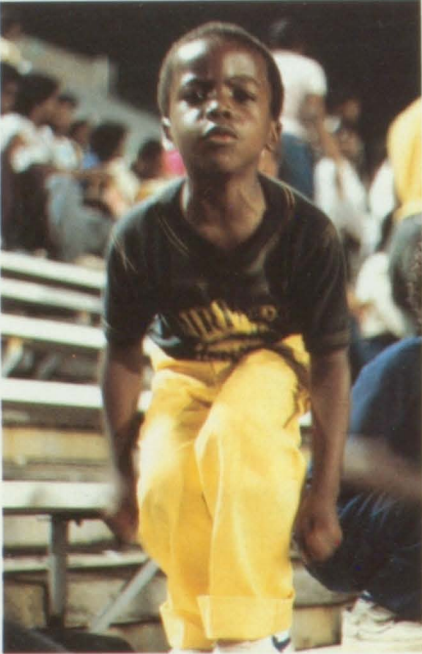

The cafeteria staff continued to provide delicious meals, and an increased number of faculty members seemed to partake. Many students still brought sack lunches, and some teachers ate more during second period than most did during the noon hour. Girls' purses still carried more suckers than pictures, and at Reservation Day we all "pigged out."

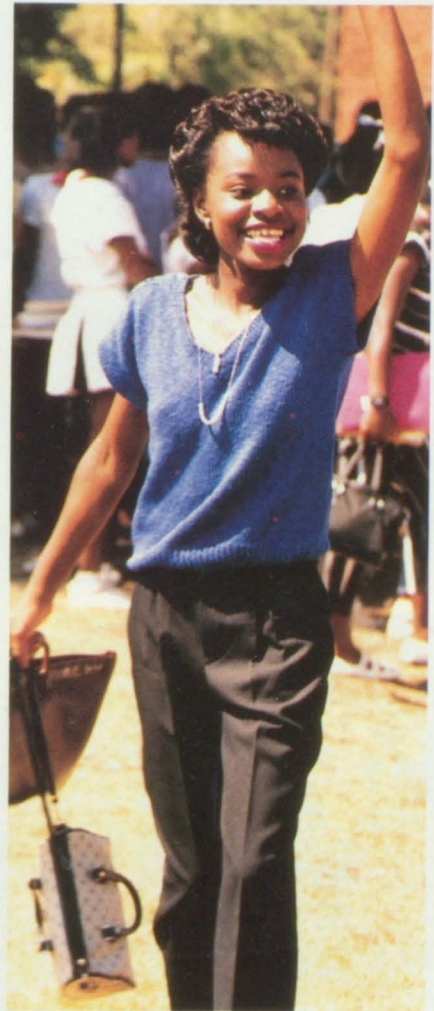

## . . . Enjoy The Good Times

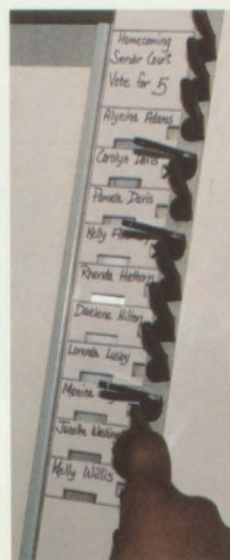

Nothing could replace the fun moments at FPHS. Catching up on the latest news, being with that special boy, laughing, clowning, singing, and just being with friends, all were a part of the good times. Getting to know your teachers and holidays were also great.

The fun also included learning the new fads in fashion, hearing the latest new hit song, and seeing who got away with "murder" with the new substitute teacher. Cheerleaders, band, athletes, and Miss Sequoyah, Reservation Day, field trips, eating, and no homework . . . fun.

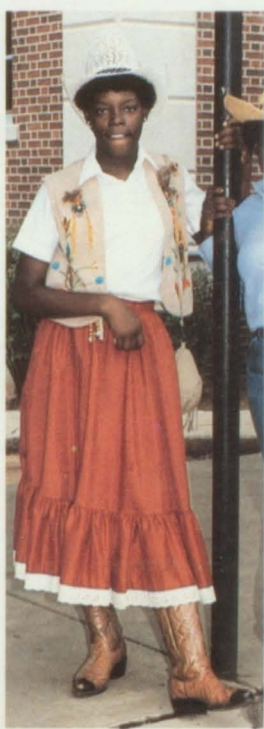

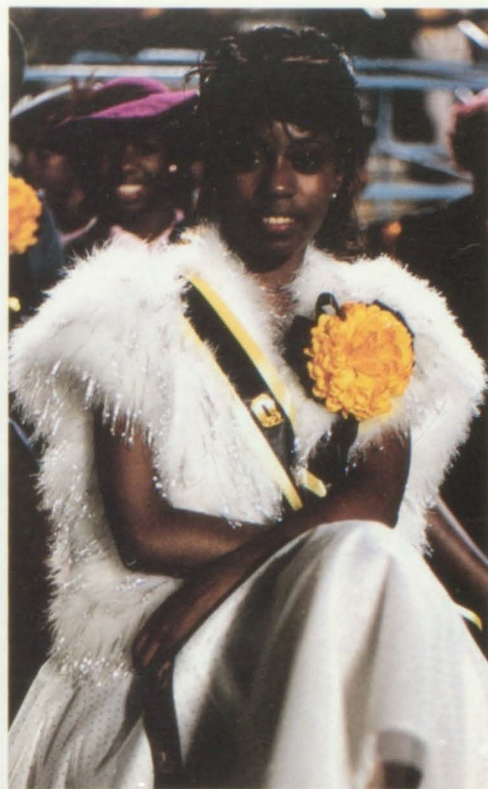

## ... Remember Homecoming Week

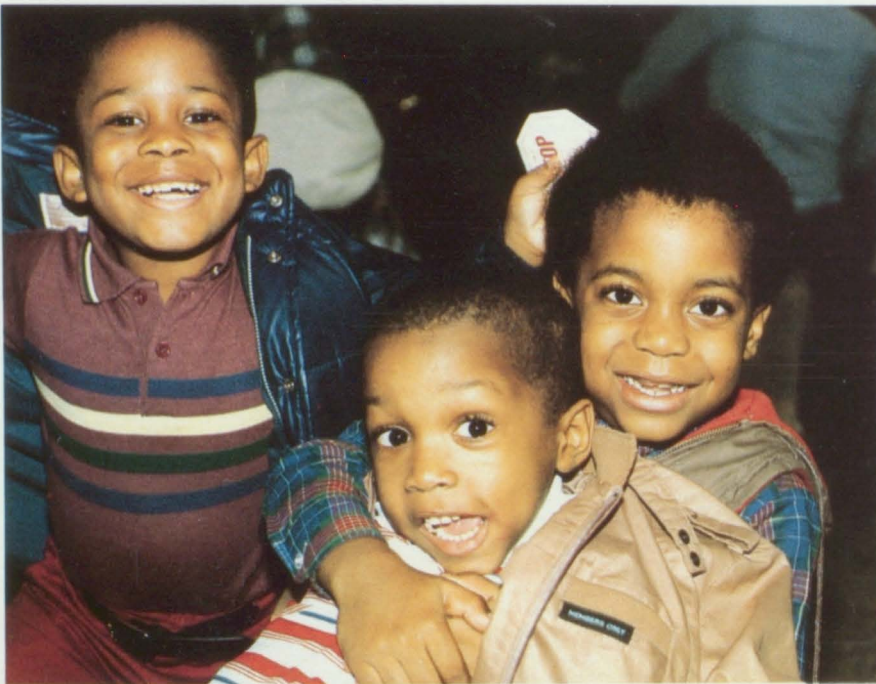

## ... Set Examples For The Young

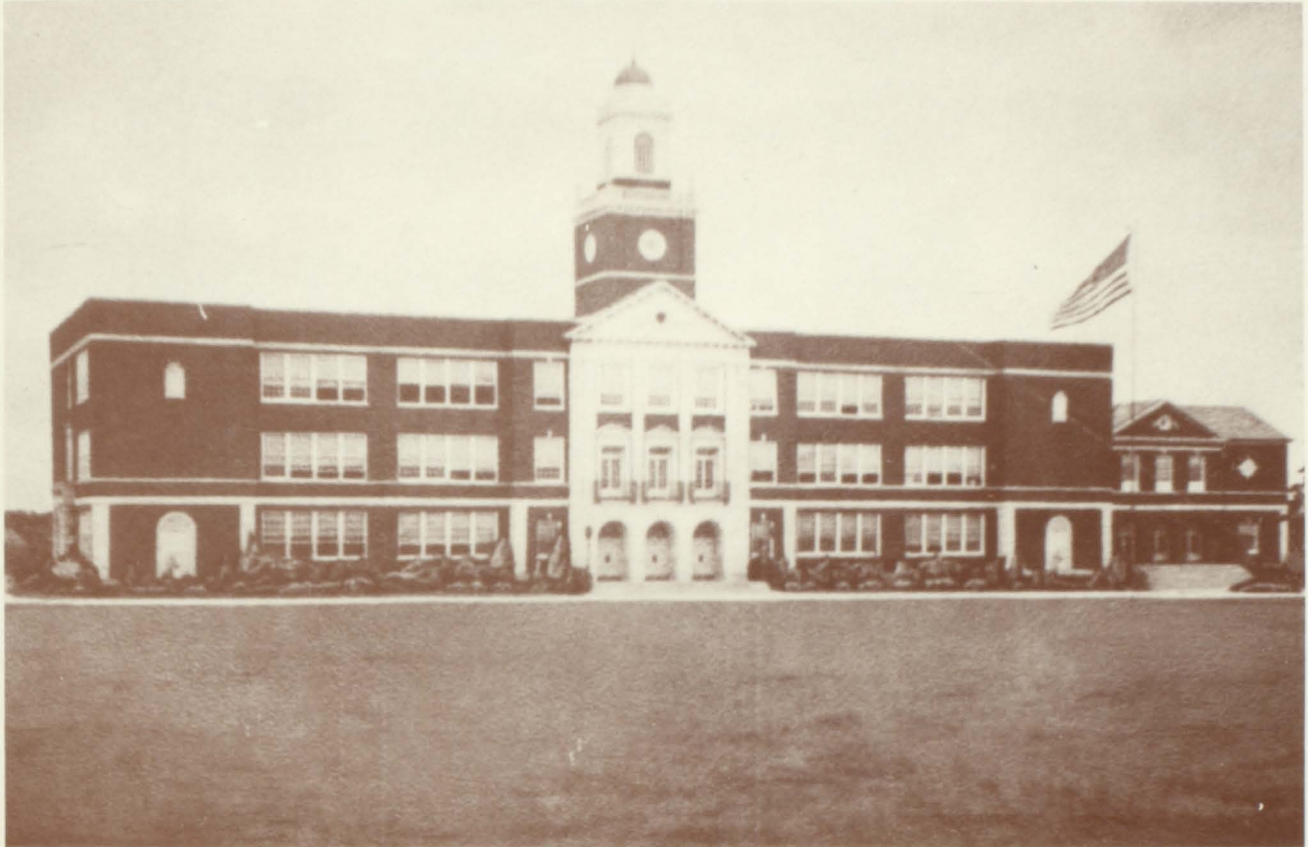

In all that we did this year, we know that many little ones watched us with eager eyes, longing for the day they too would become an "Indian." As we recognized our responsibility to lead those who come after us, we remembered that those who have gone before laid a firm foundation for us. As we prepare for the future of the "reservation," we must reflect upon our past and all the great examples it provided.

## 1928-1986

Construction of Fair Park High School began in the spring of 1928 and its completion made it possible for school to open for the 1928-1929 session. The original building was constructed to accommodate 500 students at a cost of \$481,000. Since the original plant was built, two additional wings, an annex, and a new gymnasium — industrial arts complex have been added. The building has been remodeled several times since its construction. Fair Park has known eight principals in its days. Mr. James Ward was the first to sit at the helm from 1928 until 1937. Those who followed included Edward Lee Alberson, E. H. Herron, Earl A. McKenzie, B. H. Brantley, Clem Henderson, Johnny Bilberry, and our present principal, Roland Antoine, Sr. Fair Park became the second public high school in the city of Shreveport after the closing of Hope Street School. Fair Park now exists as one of a number of high schools in Caddo Parish and has a consistent enrollment of around 1300 students. As the city of Shreveport celebrates its sesquicentennial year, we felt it only appropriate to reflect on our great school as it has evolved from its early beginning to its present state. Come walk with us through the pages of our history as we reflect our past in pictures.

No matter which year of Fair Park's past we reflect upon, we find the great standard of values in education and school life that have brought us to where we are today. We are grateful for our heritage and we are excited about where we are going. We are confident that the contributions that we have made this year will be added to the pages of our history, to continue the great tradition of the "reservation" for those who come after us.

## A TRIBUTE TO HOLLIS CONWAY

Hollis Conway brought great pride to Fair Park High School. Hollis, the Big Indian for '84-'85, not only was a great athlete, but he achieved in the classroom as well. Hollis graduated with honors in 1985. Setting numerous state and regional records in high jump, long jump, and triple jump, he soon became known all over the nation and was given the opportunity to compete in many prestigious meets. His second home is now Southwestern Louisiana where he is continuing his studies and his athletic career.

### BRYANT RAY YOUNG

1970-1985

Bryant Ray Young, a student at Fair Park High School, was the son of Mr. Freddie Lee Young and Mrs. Parlee Johnson Young. Bryant Ray was a member of the JROTC at Fair Park and was very dedicated to it. He received many perfect attendance awards while in school and was a member of the Boy Scouts of America. His hobbies included football, basketball, bicycling, fishing, and building bird houses. He enjoyed movies and break dancing.

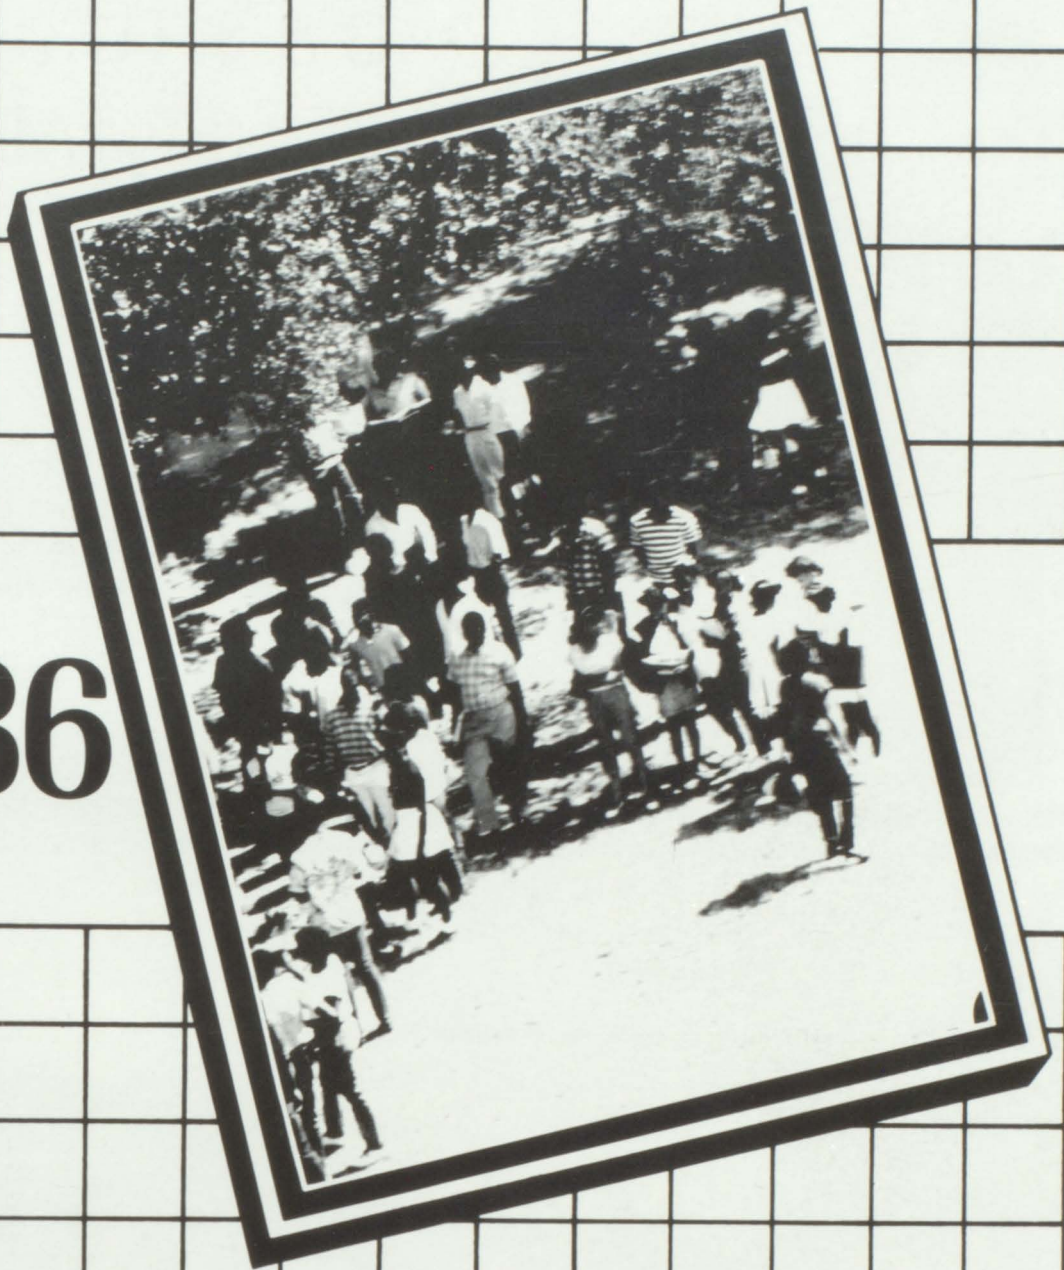

The family of Bryant Ray Young wishes to thank you very much for the love and thought you have shown toward them during the loss of their son.

### RICHARD YOUNG

1969-1986

Richard Young was a student at Fair Park High School where he was a junior. He was the son of Mr. George Young, Sr. and Mrs. Martha Young. Richard was taken from us the day before school was to reopen after the Christmas holidays. Although he was not involved in many school activities, Richard was well known and loved by many. We will miss him.

# Do you need a reason to join the Louisiana National Guard?

Well, here are some very good incentives —  
**FREE COLLEGE TUITION:**

State law provides exemption from tuition payments in all state supported Colleges in Louisiana for all active members of the Louisiana National Guard. This exemption may be claimed for five (5) separate years or until receipt of a bachelor's degree, whichever occurs first.

**\$1500 ENLISTMENT BONUS**  
or  
**\$4000 IN EDUCATIONAL ASSISTANCE**

High school seniors and graduates who enlist in certain National Guard units may receive a \$1500 enlistment bonus, or \$4000 in educational assistance.

## **SPLIT TRAINING PROGRAM**

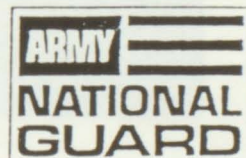

Split training means that your Basic Training and Advanced Individual Training in the National Guard (which must be completed within a twelve (12) month time frame) can be staggered to fit your personal schedule.

For example, you can take Basic Training the summer of your junior year. Consider it a paid full-time summer job. During your senior year of high school, you will go to the monthly National Guard meetings. Consider it a paid part-time time job. Then you can take your Advanced Individual Training the next summer, be paid for that too, and be home in time to attend college, business or vocational school in September. That's two summers of full-time employment, and two years of part-time employment.
